

Outreach program on Intellectual Property Rights at IPR Cell of Namchi Government College, Kamrang, South Sikkim.

An awareness program on Intellectual Property Rights (IPR) was conducted at Namchi Government College, Kamrang, South Sikkim by Patent Information Centre, Sikkim State Council of Science & Technology & Climate Change, in collaboration with IPR Cell of Namchi Government College on 11th March, 2016. The main objectives of the program were to create awareness on Intellectual Property Rights and to identify the potential Intellectual Property of the concerned area through interactions with the audience.
